PROJECT PARTNERS

The Equal Futures project is a dynamic 18-month initiative aimed at empowering youth feminist activists in Turkey, Denmark, and Lithuania. By uniting the expertise of Kadın ve Genç Girişim Merkezi (Türkiye), IVAIGO (Lithuania), and Fryer Institute (Denmark), the project seeks to promote gender equality and advance the rights of women and marginalized groups across these countries.

The project's primary goal is to strengthen the capabilities of young activists by providing them with the necessary skills, knowledge, and support to advocate for gender equality effectively. Key objectives include fostering cross-country collaboration, enhancing feminist activism skills, and promoting solidarity among youth from diverse cultural backgrounds. The Equal Futures project represents a vital step toward building a more inclusive and equitable future for all.
